IN THE MATTER OF THE SUSPENSION)
OR REVOCATION OF THE LICENSE OF:

SCOTT A. SALKIND, D.O.)
License No. MB0384500

Administrative Action

ORDER OF UNRESTRICTED
LICENSURE

TO PRACTICE MEDICINE AND SURGERY
IN THE STATE OF NEW JERSEY)

This matter was most recently opened to the State Board of Medical Examiners ("Board") upon receipt of a petition for restoration of unrestricted licensure filed on behalf of Dr. Scott Salkind. The record in this matter reflects that Dr. Salkind has been practicing pursuant to a Consent Order granting restricted licensure filed with the Board on July 15, 2004. Since that time, he has engaged in the practice of medicine subject to certain restrictions on his professional practice and the requirement that he comply with a program of treatment pursuant to the protocol designed by the Professional Assistance Program of New Jersey ("PAP"). The terms of the restrictions are more fully detailed in the 2004 Order.

In January, 2008, the Board received and reviewed a submission from the PAP which indicated that it wholeheartedly supported the doctor's return to unrestricted licensure. Thereafter, documentary

submissions provided to the Board on the doctor's behalf were analyzed by a Committee of the Board together with the minutes of the doctor's appearances before a Board Committee in the interval from July 15, 2004 to date.

Based upon its review of the Committee's recommendations and its own assessments of the information provided to the Board, the Board is satisfied that Dr. Salkind remains in good standing in the Professional Assistance Program of New Jersey and that he has been in solid recovery for approximately five years. He has complied with all of the PAP requirements and also with the Board's requirements of supervision. The reports of his supervisor have been uniformly positive.

For the reasons expressed herein and good cause having been shown,

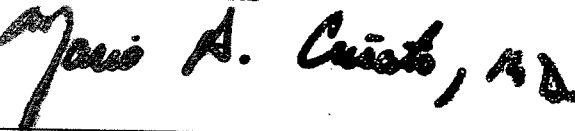

IT IS ON THIS 29th DAY OF April , 2008,

ORDERED:

1. Scott A. Salkind, D.O. is hereby granted an unrestricted license to practice medicine and surgery in the State of New Jersey.
